

**INVITATION to join the ERASMUS program  
offered by professor Prof. Dr. László Makra, from University of Szeged,  
(Hódmezővásárhely, Hungary)**

**It is a special opportunity and a privilege for our university to host Prof. Dr. László Makra, from the University of Szeged, Faculty of Agriculture (Hódmezővásárhely, Hungary), for a one week exchange program offered to the students of our university. Professor Makra is known as climatologist. His main research area is background aerosol and bio-aerosol and, within the latter, climatic relationships of pollen, i.e. pollen climatology, and the relationship between pollen concentration and respiratory diseases. Not at least, it is worth to remark the experience he gained during his China Expeditions (1990, 1994) and Indonesian Expedition (1996).**

Details on <https://hu.wikipedia.org/wiki/Makra>
